***Claim Rejections - 35 USC § 101***

35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 15,21 and 22 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claim 15 is directed to a graphical user interface configuration file. The interface file does not necessarily include a computer hardware component. The file is at best suitable for storing in a memory of a device. Therefore the file is not statutory under 35 USC 101.

***Response to Amendment***

This action is in response to the amendment filed 8/30/2010. This action is non-final.

***Response to Arguments***

Applicant's arguments, see the arguments/remarks section of the amendment dated 8/30/2010, with respect to claims -2,5-9,12-15,17-22 have been fully considered and are persuasive.
